DOGS NSW CONFORMATION JUDGES EDUCATION PROGRAM

1. INTRODUCTION TO JUDGING

“When judging dogs you must not be swayed by any consideration, except by the relative merit of the dogs in front of you. You have but one duty: to judge the dogs. Forget the handlers and forget what the dogs have won previously. Place the dogs as you think they should stand, never mind if the winner belongs to your best friend or your worst enemy. Disregard the fact that you won under one of the exhibitors last week and that another is judging at the next show. Be completely selfish – please yourself and simply judge the dogs and safeguard your reputation. That is the only way to gain respect from your peers”. He went on.....“If you are going to judge dogs, a full understanding of the breed standard is a bottom line essential. The Judge must not only know what the standard actually says but understand its implications as well.” (Tom Horner UK)

Can anyone be a Conformation Dog Judge?

Becoming a dog Judge requires more than just membership of Dogs Australia. People need experience with dogs. They need to breed and show; they need to understand the form and function of dog breeds; and they need to understand the structure of dogs and their mechanics.

What dogs do you want to judge?

People interested in dog conformation judging need to consider what is suitable for them. Are they interested in judging only their breed, or the many breeds in each Group or each of the Groups? Each of the various 7 Groups of dogs, as classified in Australia, are sets of dogs with many similar functions and are often clearly differentiated in form and function. Moving beyond a person's own breed or Group often requires a different mindset and new knowledge. Judging a Terrier is not the same as judging a Gundog. This needs to be understood.

What skills do you need to be a Dog Judge?

Dog judging requires clear, consistent and efficient decision-making skills. Without knowledge and expertise this becomes very difficult. Dog judging requires those involved to listen to others, take constructive feedback, accept weaknesses and differences as well as recognising strengths. Successful Judges and Trainees are required to constantly attend to learning new knowledge, not running with the 'obvious', participating in shows and showing and constantly revising.

The Conformation Judges Education Program (CJEP)

The CJEP is a voluntary, self-learning program for training Dogs Australia members, assisted by provision of breed lectures, seminars, general lectures, field events and practical judging. This requires attendance and participation to be effective. The Program means more than just attendance. It also requires reading books and articles on each breed, talking, watching other Judges and watching many examples of each breed, watching videos of conformation shows both in Australia and overseas and observation, discussion, accessing online locations where there is discussion of dogs and various breeds and visits to kennels. The CJEP requires you then to apply that knowledge to understanding each of the Breed Standards.

The DOGS NSW CJEP lecture program is conducted over a two-year period with Theory Exams held over those two years. (These 2 years do not have to be consecutive).

2. RESPONSIBILITIES OF ASPIRING AND TRAINEE JUDGES

The responsibilities of all dog conformation judges are:-

1. Acquire and share knowledge: reading, searching, observing, questioning discussing and debating
2. Participate: in lectures, seminars, and field events, and at dog shows
3. Be active: in practising judging, writing critiques, searching opinions and information about breeds, observing judging and dogs at shows and online, reading, discussing, listening, and providing and accepting feedback
4. Be a role model: be respectful and act in a sportsman-like manner at all times and in all situations.

Our participation in the Conformation Judges Education Program embraces the following values:

- Integrity
- Commitment
- Progressive
- Consistency
- Proactive
- Respect
- Understanding

Conduct within the Program

- It is the responsibility of all Aspiring and Trainee Judges to always behave with decorum and in a respectful manner.
- Any information pertaining to the merits, or otherwise, of dogs is to remain confidential within the Program.
- Any breach of conduct will be sent to the Conformation Judges Training Committee for investigation and possible referral to the DOGS NSW Board of Directors.

2. Method of Education

2.1 Self Learning

The Conformation Judges Training Program is a voluntary, flexible, self learning Program for training Dogs Australia members, assisted by provision of breed lectures, seminars, general lectures, field events and practical judging. This requires attendance and participation to be effective. The Program means more than just attendance. It also requires reading, talking, watching and observation, discussion, and visits to kennels.

Trainee Judges will be required to learn to examination standards by studying Breed Standards, Dogs Australia approved Breed Standard Extensions, the Dogs Australia Glossary of Canine Terms and other appropriate material, researching breeds and presenting their findings, attending appropriate Lectures, Seminars and Field Events as arranged by the Member Body CJTC, writing critiques, visiting kennels, discussing breeds with breeders and exhibitors, attending Group and Breed Championship Shows, thereby acquiring as wide and as sound a knowledge as possible of the breed, or breeds in the relevant Group. Education and Examinations will incorporate the principles of Competency Based Training and accreditation of Assessors.

(a) The competencies which Trainees will be expected to achieve through the Program are:-

- Demonstrate a knowledge and understanding of the Breed Standards.
- Ability to identify characteristics in relation to the Breeds for the Group in which they are a Trainee.
- Ability to recognise soundness in relation to the Breeds for the Group in which they are a Trainee.
- Ability to use breed specific language and apply it correctly in their description of the breeds for the Group in which they are a Trainee.
- Ability to approach and examine the exhibits correctly and appropriately for the breeds for the Group in which they are a Trainee.
- Ability to place the better dogs at the front of the class in the breeds for the Group in which they are a Trainee.
- Demonstrate control, organisation and effective use of the judging ring.

- Demonstrate a practical knowledge of stewarding.
- Demonstrate an ability to understand and apply the Regulations relevant to dog judging.

2.2 State Controlling Body Contribution. The Member Body shall assist by providing Lectures either using online delivery or by a combination of online and face to face, Field Events, equipment, teaching aids and examinations.

2.3 Record Keeping. Trainee Judges shall maintain their own records and submit signed originals of the applicable records when applying for a Practical Examination.

2.4 Flexible enrolment: Modern life requires people to change lifestyle or work requirements or illness, more immediately and thus participation in the CJEP should reflect the greater agility possibly needed by participants. Upon formal request in writing to the Chairperson of the CJTC, a Trainee judge can request recognition of passed modules and attendance at lectures and/or field nights and/or critiques written and/or attendance at Specialty shows or large shows, as designated from time to time. The granting of this formal request will enable that person to re-enter the CJEP at a later time with previous achievement recognised.

The maximum time for completion of a Group as a whole is normally three years. After that time the Trainee will re-apply for re-entry and may have to undertake an open book exam on any changes to Standards or on newly recognised breeds. In exceptional circumstance, candidates may apply with detailed justification to the CJTC for exemption from this rule.

- 9.9** Should a Trainee Judge provide proof, to the satisfaction of the CJEP Examinations Committee of DOGS NSW, that they will be Interstate on the date of the Theory Examination they may then be permitted to sit the Theory Examination in that State on the same date and time as the scheduled Theory Examination. This is to be organised between the relevant State Member Bodies with the initial request being from the Trainee Judge's CJEP Examinations Committee of DOGS NSW.
- 9.10** The Group Theory Examination (as described in 9.2, above), once passed, with an overall 75% aggregate for the four (4) Subgroups will be held for life. (This applies to Subgroup examination results from 2019/2020. DOGS NSW Regulations Part III-2019/2020 CJEP-Amended September 2019).

10. Practical Examinations

- 10.1** Practical Examinations must be undertaken at a venue nominated by the Member Body CJEP Examinations Committee and be supervised by the Clerk of Examinations.
- 10.1.1** The CJEP Examinations Committee may, at its discretion, allocate Practical Examinations to be held in Regional areas where there is a number of candidates residing and enrolled and be supervised by the Clerk of Examinations.
- 10.2** There shall be no more than one (1) Practical Examination per Group per calendar year apart from any new examination conducted as a consequence of 10.1.1, 10.9(b), below, or other relevant Member Body Regulation. Trainees may not undertake a Practical Examination for more than one (1) Group per calendar year. Trainee Judges, once enrolled in the DOGS NSW Conformation Judges Education Program may only undertake a Practical Examination conducted by DOGS NSW except with the consent of DOGS NSW Board of Directors.
- 10.3** The examination shall be conducted on two (2) classes, each class of a different breed and consisting of five (5) dogs over the age of six (6) months, and a third (3rd) mixed class of five (5) different breeds over the age of six (6) months, excluding the two (2) breeds previously used.
- 10.4** A dog owned or co-owned by a member of any Examination Panel shall not be used in an examination class in which that Examiner is participating.
- 10.5** Three (3) Assessors shall be appointed as a Panel for each class in a Practical Examination (see 8.1, 8.2, 8.3). They must not be a Trainee Judge in the current training Program. After the commencement of the Examination, they shall not confer on the merits, or otherwise, of the dogs presented for examination. Assessors are required to mark the placings of all dogs in a class from first to last on the prescribed form. Trainee Judges are to be encouraged not to spend more than five (5) minutes on each dog, which is the time allocated to examine, move and critique each exhibit.
- 10.6** The Trainee Judge for the breed classes shall place the exhibits in order of merit, record the placings and will be required to answer questions on the class. Group Class, the Trainee Judge shall place Best, Runner Up and Last and will be required to answer questions on the class.

- 10.7** To gain a pass in a class, the Trainee Judge must be passed by at least two (2) of the Assessors. It is not necessary for the Trainee Judge's and Assessors' placings to be the same, but Assessors must consider all aspects of the Trainee Judge's reasons for the placings and whether the Trainee Judge has the better dogs at the front of the class and the poorer at the back. The Assessor must make his/her own independent assessment of Pass or Fail.
- 10.8** Number of Breed Classes
To be granted an overall pass, the Trainee Judge must pass two (2) Breed classes and then one (1) Group Class.
- 10.9** The results of Practical Examinations shall be collated by the Clerk of Examinations. Trainee Judges will be notified of their results by the Administration of DOGS NSW as soon as possible but no earlier than one (1) working day (24 hours) from the date of the examination. Examiners shall not divulge their individual assessment of a Trainee Judge prior to the results being distributed. Results shall not be given at the time of the Practical Examination.
- (a) In the case of a failed result, should the Clerk of Examinations have any concerns in regard to the inappropriateness of the Practical Examination paperwork or the conduct of the examination, the concerns will be reported to the next available DOGS NSW Board meeting.
 - (b) Should DOGS NSW Board concur with the Clerk of Examination's concerns, a new Practical Examination will be conducted for the relevant Trainee Judge.
- 10.10** Where a Trainee Judge believes they have a legitimate reason for not wishing to be examined by a particular Assessor/s, they may submit a maximum of two (2) names to the Member Body CJEP Examinations Committee of those they do not wish to be examined by, in writing at the time of applying for a Practical Examination. They must set out the reasons for such request. The Member Body CJEP Examinations Committee will retain the right to refuse any such request. Any additional costs incurred by the Member Body are to be at the expense of the Trainee Judge.
- 10.11** The Member Body CJEP Examinations Committee, when approaching an Assessor to examine Trainee Judges at a Practical Examination, shall advise the Assessor of the names of the potential Trainee Judges and the Assessor shall advise the Member Body, as soon as practicable, if there are any Trainee Judges they do not wish to examine or for whom it would be inappropriate for them to examine due to any contractual or ethical reason.
- 10.12** A Trainee must not travel to or from a Practical Examination with an Assessor/s who has been engaged to assess the Group for which the Trainee will be undertaking a Practical Examination. **(12/18)**

10.13 No person shall make any photographic or video record of any part of a Practical Examination except with the prior permission of DOGS NSW.

10.14 Whilst undertaking a Practical Examination, a Trainee Judge must not have in his/her possession, at ring side or during the examination, a mobile telephone, an electronic device or a copy of the breed standard. The only document allowed is the Examination Placement Sheet provided by the CJEP Examinations Committee. Any Trainee found to be in breach of this Regulation shall be immediately dismissed/expelled from the current training Program.

10.14(a) Trainees will be notified of the breeds they will be examined on 30 minutes before the Practical Examination is scheduled to start. Trainees may revise their standards and make their own notes during this time. The Practical Examination commences when Trainees step into the examination ring and time is started. The Practical Examination for that breed or Group is completed when the last Trainee has been questioned by the Assessor Panel.
(12/22)

10.15 Should a Trainee not achieve a pass result in a Practical Examination, then to qualify to take a further Group Practical Examination a Trainee Judge must judge a further twenty five (25) dogs and examine and critique a further fifty (50) dogs concurrent with the training Program in progress, in accordance with 6.1.2, above, and submit the approved enrolment form accompanied by the requirements of this clause. They may then attempt the next available Practical Examination in that training Program.

10.16 Should a Trainee hold a pass result in the Theory Examination, in the 2019/2020 CJEP but did not enrol to sit the Practical Examination, then to qualify to take a Group Practical Examination a Trainee Judge must complete all requirements for Clause 6.1.2: Module 2-Practical Experience and Clause 6.1.3: Module 3-Breed Specialty Show concurrent with the training program in progress and submit the approved enrolment form accompanied by the requirements of this clause. The Trainee may then attempt the next available Practical Examination in that training program.

10.17 Upon passing a Group Practical Examination the Trainee Judge shall be listed as a Dogs Australia Championship Show Judge for that Group.

10.18 A Trainee Judge who has failed a Practical Examination may request a review. Such requests are to be in writing within seven (7) days of advice of the result of the examination. An Accredited Assessor appointed by the Chairman of the CJEP Examinations Committee, as well as where possible the Co-ordinators and/or Assistant Co-ordinators, will mentor the Trainee and provide feedback that may assist the Trainee in future exams.

10.19 Should a Trainee Judge provide documentation such as a medical certificate, to the satisfaction of the Member Body CJEP Examinations Committee, that they were incapacitated or medically unfit causing inability to attend on the date of a scheduled Practical Examination, the CJEP Examinations Committee may then permit the Trainee Judge to complete a Post Examination at a time to be scheduled by the CJEP Examinations Committee. The Trainee Judge must notify the CJEP Examinations Committee as soon as practicable but **no later** than the commencement time of the Trainee's Practical Examination. **(12/22)**

11. General

- 11.1** The Member Body may consider an application from a person transferring residence from another State or Territory of Australia or overseas, who can provide evidence of their eligibility.
- 11.2** A Member Body may consider for approval an application from an applicant over the age of eighteen (18) years, who otherwise would not qualify under Regulations 4.1 or 7.1, above, provided such applicant demonstrates an active involvement in canine activities for the minimum period/or as a handler for parents and others in ordinary classes and supply such other evidence of experience as the Member Body CJTC may require.

11.7 The CJTC reserves the right not to conduct metropolitan training for any Group that does not attract applications for the Conformation Judges Education Program from at least five (5) applicants who are not Distance Trainee Judges.

11.8 A Member who is enrolled in a Training Scheme shall be entitled to judge at a Sanction Show under the supervision of an official of such scheme or of a Judge appointed for that purpose by the Examinations Committee.

12. Appeals

10. ORGANISATION OF THE DOGS NSW CONFORMATION JUDGES TRAINING

Principles:

1. Flexible Program where Trainees can study the four (4) required Subgroups in each Group in a sequence that suits their lifestyle and demands.
2. Normally Trainees will join the Program at Subgroup 1 of their Group and study the rest sequentially.
3. After passing all elements of their 1st Group, Trainees may opt to study two Subgroups in different Groups at the same time; noting that the Rules stipulate Trainees can only sit one Practical Examination in any calendar year.
4. The focus is a balance of building knowledge about each breed through the Breed Standards, Extensions to the Standards where they exist, through reading, through Lectures on each breed, through kennel visits, through observation of Licensed Judges at dog shows; through practice writing critiques; through practice judging dogs at field events, or judging Open Shows or competitions, or at events organised at dog shows. You can never read too much, discuss dogs too much, listen to breeders and other Judges too much or practice too much.
5. In New South Wales, the four (4) Subgroups required to be studied are offered over a two-(2) year period. Subgroups 1 and 2 are offered in even numbered years and Subgroups 3 and 4 are offered in odd numbered years. The list of the Subgroups on the next page will change over time as new breeds are allowed to be shown in Australia.

The Process

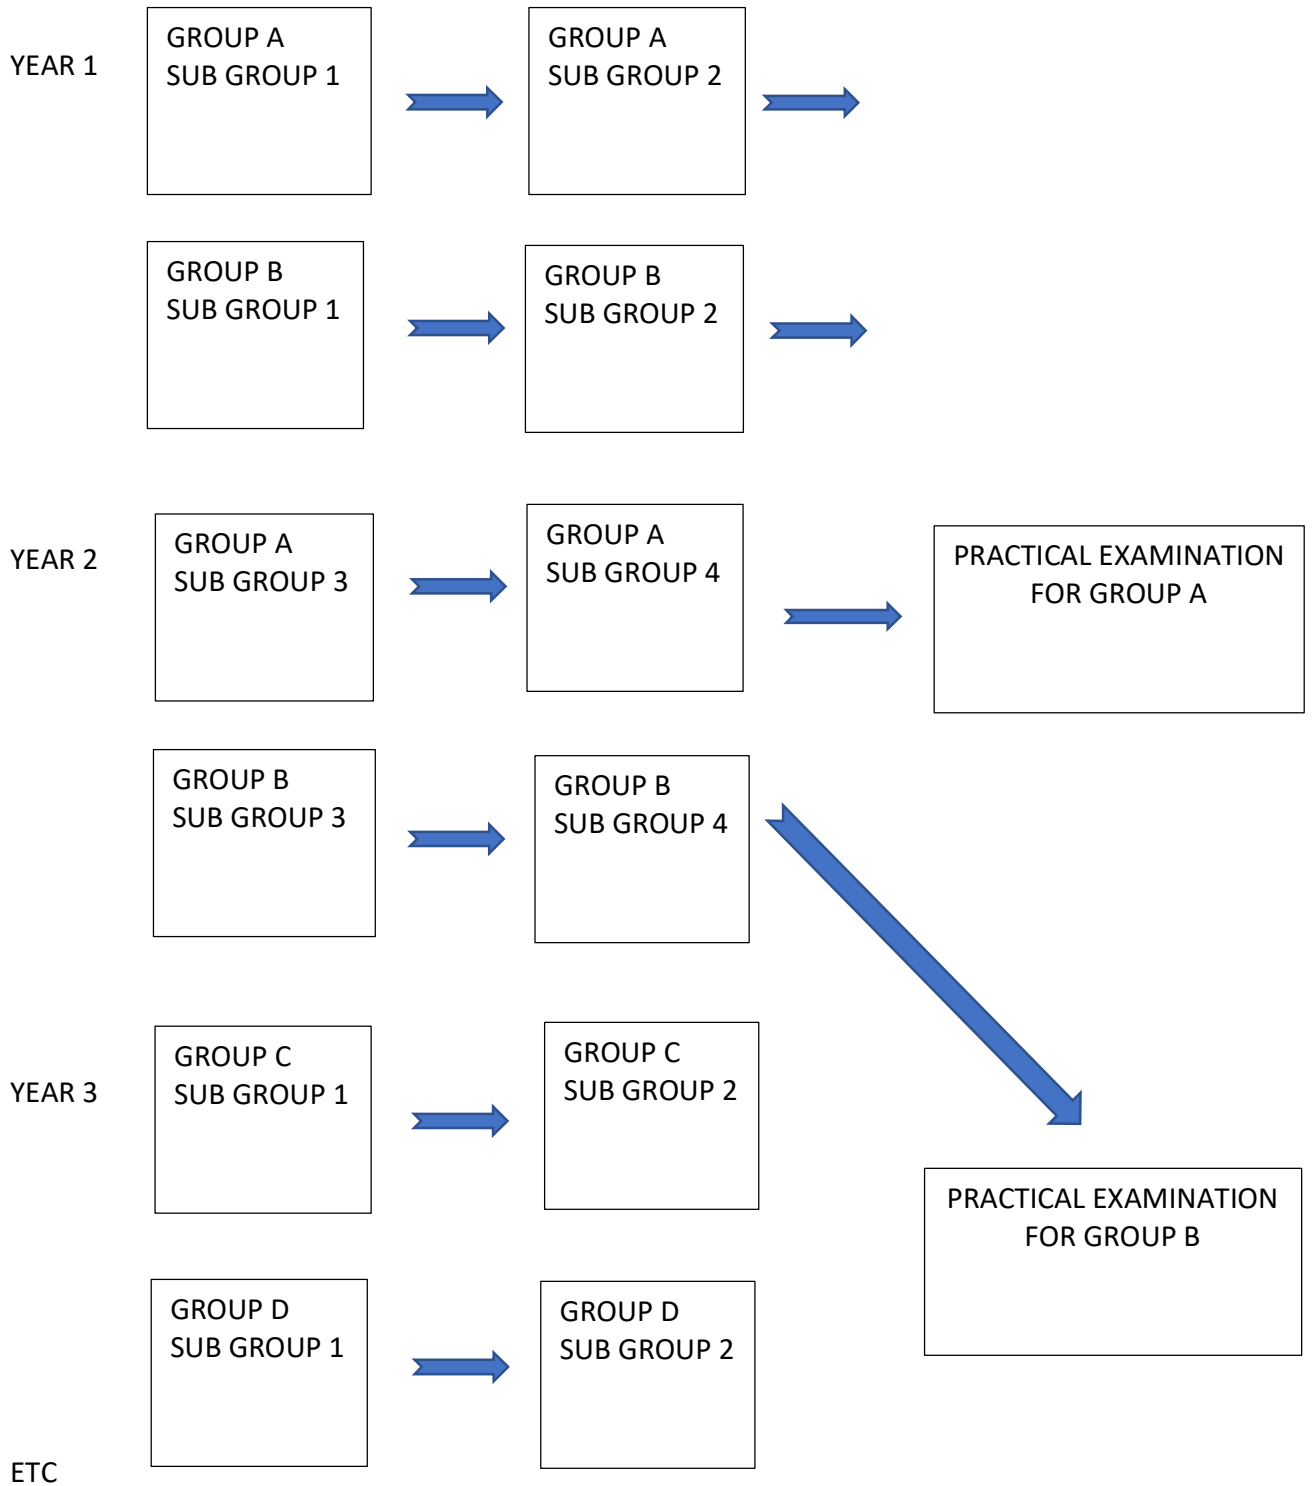

(This sequence would be normal for most people, but circumstances may require the order of the Subgroups to differ for some)

MOVE TO NEW GROUP AFTER MEETING ALL REQUIREMENTS

WHAT IS THE PROCESS WHEN YOU STUDY TWO SUBGROUPS AT ONCE?

If you wish to take up the option of studying two Groups simultaneously you would be well advised to discuss this with the Chair of the Conformation Judges Training Committee beforehand.

DOGS NSW Aspiring Judges Training Program

GETTING STARTED - BE PREPARED

Starting to learn to be a Judge: getting ready to study.

1. This is a good starting point: It is an Introduction to everything a Judge has to consider:
https://Dogs Australia.org.au/media/1030/22517judging_dogs_in_australia_oct11.pdf
2. Anatomy and Structure: This power-point covers the key concepts you need to know. About how a dog is built and how it works.
https://www.dogsnsw.org.au/media/1541/anatomy_of_the_dog.pdf
3. Anatomy and Structure/Type and Style: This expands on the details in 2.
<https://kusa.co.za/images/Gallery/structural%20.pdf>
4. Glossary of Canine Terms: These are the important terms you will learn over time but they give specific definitions for the terms used in 2 and 3 above.
https://Dogs Australia.org.au/media/1031/103052glossary_of_canine_terms.pdf
5. These are the Key Rules and Regulations about Judges which you will need to know - Just read Sections 2 and 6 at this stage:
<https://www.dogsnsw.org.au/media/3761/part-04-judges-march-2021.pdf>
6. Finally: make a list of all the Breeds in your 1st Group and try and find three to four things about each breed that make it what it is, eg, an Old English Sheepdog is large, profusely double coated, grey grizzle or blue in colour, and squarely shaped; eg, a Papillion is small and dainty, silky single coat, large fringed ears.
